**Overwhelming response for PNB's new micro investing app Raiz**

**Overwhelming response for PNB's new micro investing app Raiz**

According to PNB president and group chief executive Ahmad Zulqarnain Onn, their newly-launched micro-investing mobile application, Raiz, has received an overwhelming response, being downloaded over 15,000 times since coming online on June 1. It will allow PNB's virtual spare change from rounding up everyday purchases to proactively invest into Amanah Saham Nasional Bhd's variable price funds based on personalised investment portfolios. He added that it is a unique way for users to make the most of every sen they spend by adopting the concept of savings through spending. Apart from this round-up investment, users can choose to invest using lump-sum investments as well as recurring investments. Raiz aims to provide unitholders with a convenient platform to proactively save and invest in ASNB's unit trust funds. It is initially available exclusively for Malayan Banking Bhd (Maybank) account holders.

**Radical reforms in Malaysia's new economic plans**

According to Minister in the Prime Minister's Department in charge of the economy Datuk Seri Mustapa Mohamed, Malaysia will address pressing issues such as mismatch of labour demand and supply as well as red tape and regulatory setbacks in its upcoming economic plans. The plans will also address low technology adoption by local companies. The government would present three major plans in the next nine months namely the medium and long-term economic recovery plan, 2021 Budget and 12th Malaysia Plan (12MP). Slated to be presented to Parliament for approval early next year, the 12MP will outline the key strategies and initiatives that will serve as a guiding principle in navigating Malaysia for the next five years (2021 to 2025). The 12MP will establish a clear strategic direction in ensuring inclusive and meaningful socio-economic development to achieve a more prosperous society by 2030. The government recently launched a "MyMudah" initiative to streamline unnecessary bureaucratic hurdles. It is also aimed at assisting companies and businesses which were burdened by red tape and bureaucracy.

**Volkswagen issues voluntary recall for 12,732 vehicles**

Volkswagen Passenger Cars Malaysia has issued a voluntary recall on models produced between 2011 and 2015 to fix a hydraulic pressure accumulator fault, caused by production deviation. A total of 12,732 Volkswagen vehicles had been identified to undergo inspection under the recall to be carried out in phases. The affected models are Beetle, Cross Touran, Golf (Mk6 and Mk7), Jetta, Passat (B7), Passat CC, Polo (6R) and Scirocco. Models produced from 2016 onwards were not affected on this recall exercise. In individual cases, the failure of the component can possibly lead to pressure loss, interrupting power transmission between the engine and gearbox. All labour and replacement parts for the service would be provided free. The affected vehicle owners would be notified by mail. Alternatively, the owners may visit Volkswagen's website to check on their vehicle's status or contact the customer care line at 1800-18-8947.

in April. This is the first growth since February when there was a drop of 1.7% year-on-year. The LI was also down 3.7% in March — the largest drop since November 1991 following a two-week movement restriction. The rebound in LI shows signs of the economy picking up, as the index is a combination of the selected economic indicators that provide advance signals in economic direction, economists say. The LI rose further to 4.9% month-on-month in May 2020 from 0.2% in April 2020. Five out of seven LI components contributed to the increase with the number of new companies registered (1.8%) as the largest contributor.
